One Water Ohio in 2025

We are so excited to be heading to Cleveland for One Water August 11-14, 2025! This four day event will bring 1,500+ water professionals and 200+ exhibitors together for networking and continuing education.

As a sponsor you will receive recognition at all the conference events, the One Water Ohio website, and reach public and private owners of wastewater treatment and drinking water facilities, Ohio cities and counties, consultants, engineers, operators, laboratory analysts, public utility managers, and Ohio EPA staff. Past One Water conferences have yielded attendees from far and wide. Your exposure will spread across the region and beyond.

This is an industry built on relationships and One Water fosters relationship building through engaging training events that benefit all sectors of the water industry. We know that while we each play a different part in Ohio's water story, and together we are One Water.
