OHIO SECTION

American Water Works Association

We are so excited to be heading to Cincinnati for August 17-20! This four day event will bring 2,000+ water professionals and 225+ exhibitors together for networking and continuing education. In 2025, we hit a milestone of over 2,000 attendees in Cleveland!

As a sponsor you will receive recognition at all the conference events, the One Water Ohio website, and reach public and private owners of wastewater treatment and drinking water facilities, Ohio cities and counties, consultants, engineers, operators, laboratory analysts, public utility managers, and Ohio EPA staff. Past One Water conferences have yielded attendees from far and wide. Your exposure will spread across the region and beyond.

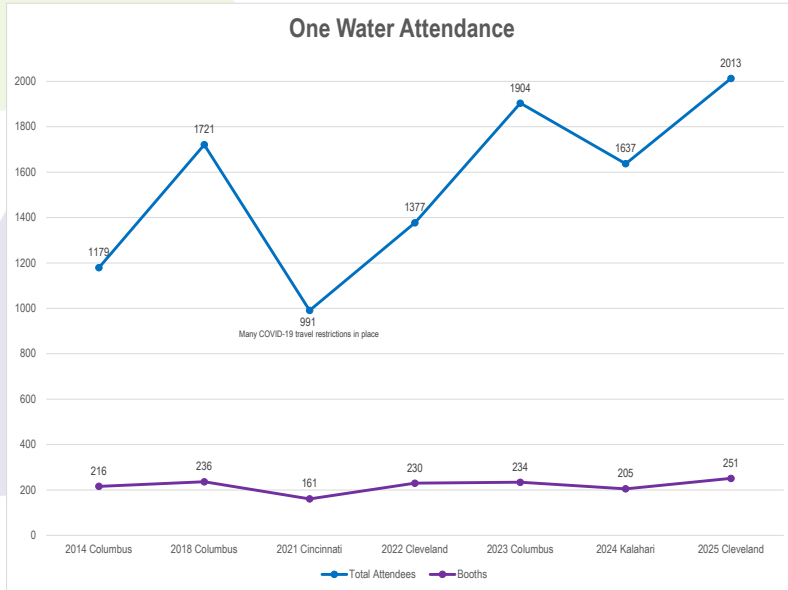

This is an industry built on relationships and One Water fosters relationship building through engaging training events that benefit all sectors of the water industry. We know that while we each play a different part in Ohio's water story, and together we are One Water.

Please be advised that sponsorship rates have been adjusted to reflect increased event costs. Food and beverage expenses alone have risen by more than 30% over the past three years. Making this adjustment is necessary to align with current costs and ensure the continued quality of the One Water Conference.
